

CERTIFICATION

on the Safety of the Faber-Castell products

Pitt Pastel Pencils e.g. articles 1121xx, 1122xx

The Pitt Pastel pencils are consumer goods and not dangerous mixtures or chemicals. Therefore a Safety Data Sheet isn't necessary in accordance with the existing regulations of the EU. It is not necessary to provide the product label with hazardous substance pictograms and information.

The products mentioned above are not toys according to the Toy Safety Directive 2009/48/EC. Therefore, an EC certificate of conformity and the imprint of corresponding warnings is not required.

This document is to certify the compliance of Pitt Pastel pencils with the applicable laws and regulations, especially EU Regulation 2023/988 on general product safety, EU Regulation 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and EU Regulation 1272/2008 on the classification, labelling and packaging of substances and mixtures (CLP). This includes the compliance to all applicable limits and restrictions.

Faber-Castell takes heed of all laws and regulations during the production of products and for products.

Stein, 14.11.2024
