This document is to confirm the compliance of the above mentioned articles with the applicable laws, directives and regulations, especially:

- EU Regulation 2023/988 on general product safety
- EU Regulation 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)
- EU Regulation 1272/2008 on the classification, labelling and packaging of substances and mixtures (CLP)
- EU Regulation 528/2012 on making available on the market and use of biocidal products

The above mentioned articles are consumer goods and no dangerous products or chemicals. Therefore, a Safety Data Sheet is not necessary under the existing regulations of the EU. It is not necessary to provide the product label with hazard label elements (pictograms or information).

The listed articles are no toys according to the European directive for the safety of toys 2009/48/EC. Therefore, the articles do not need to be labelled with warning sentences for children or CE mark. There is no EC Declaration of Conformity, since they are only required for toys.

Faber-Castell takes heed of all laws and regulations during the production of products and for products.

Faber-Castell AG
