

Safety Data Sheet

SECTION 1. Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Name S.C. ink Light Blue 2995C

1.2. Relevant identified uses of the substance or mixture and uses advised against

Description /Use Ink for use in recreational activities. Consumer use.

1.3. Information on the supplier of the safety data sheet

Company CLEMENTONI Spa
Address ZONA INDUSTRIALE FONTENOCE
62019 RECANATI (MC)
ITALIA Opening hours: 08:30 - 12:30, 13:30 - 17:30
tel. 071 75811
fax 071 758123
e-mail of the competent person responsible for the safety data sheet info@clementoni.it
Responsible for placing on the market: Reparto Tecnico

1.4. Emergency telephone number (Italy)

For urgent information contact
Centro Antiveleni - Osp. Pediatrico Bambino Gesù - Dip. Emergenza e Accettazione
DEA - Roma - Tel. 06 68593726

SECTION 2. Hazards identification

2.1. Classification of the substance or mixture

The product is not classified as dangerous under the provisions of Regulation (EC) 1272/2008 (CLP) (as amended and adapted).

Classification and hazard statements The product is not classified as dangerous under the provisions of Regulation (EC) 1272/2008 (CLP) (as amended and adapted).

2.2. Label elements

Hazard pictograms: None

Warnings: None

Hazard Statements: None

Precautionary advice: None

2.3. Other dangers

	CLEMENTONI SPA S.C. ink Light Blue 2995C	Revision No. 1 Revision date 11/03/2025 New issue Printed on 11/03/2025 Page no. 2 / 11 EN																																							
SECTION 2. Hazards identification ... / >> According to the available data, the product does not contain PBT or vPvB substances in a proportion ≥ 0.1 %. The product does not contain substances with endocrine-disrupting properties in concentrations $\geq 0.1\%$.																																									
SECTION 3. Composition / information on ingredients 3.1. Substance Not relevant information 3.2. Mixture Contains: <table> <thead> <tr> <th>Identification</th><th>x = Conc. %</th><th>Classification 1272/2008 (CLP)</th></tr> </thead> <tbody> <tr> <td colspan="3">GLYCEROL</td></tr> <tr> <td>NDEX</td><td>$9 \leq x < 10,5$</td><td></td></tr> <tr> <td>CE 200-289-5</td><td></td><td></td></tr> <tr> <td>CAS 56-81-5</td><td></td><td></td></tr> <tr> <td colspan="3">FOOD BLUE 002</td></tr> <tr> <td>INDEX</td><td>$0,6 \leq x < 0,7$</td><td></td></tr> <tr> <td>CE 223-339-8</td><td></td><td></td></tr> <tr> <td>CAS 3844-45-9</td><td></td><td></td></tr> <tr> <td colspan="3">SODIUM BENZOATE</td></tr> <tr> <td>INDEX</td><td>$0,1 \leq x < 0,15$</td><td>Acute Tox. 4 H302</td></tr> <tr> <td>CE 208-534-8</td><td></td><td>LD50 Orale: 2000 mg/kg</td></tr> <tr> <td>CAS 532-32-1</td><td></td><td></td></tr> </tbody> </table> The full text of the hazard statements (H) is given in section 16 of the sheet. SECTION 4. First aid measures 4.1. Description of first aid measures No effects are expected to require special first aid measures. The following information is a practical guide to correct behaviour in case of contact with a chemical, even a non-hazardous one. If in doubt or if symptoms occur, contact a doctor and show him/her this document. In case of more serious symptoms, call 118 for immediate medical help. Protection of rescuers It is good practice for the rescuer providing aid to a person who has been exposed to a chemical substance or mixture to wear personal protective equipment. The nature of such protection depends on the hazardous nature of the substance or mixture, the mode of exposure and the extent of contamination. In the absence of other more specific guidance, it is recommended to use disposable gloves in case of possible contact with biological liquids. Refer to section 8 for the type of PPE suitable for the characteristics of the substance or mixture. 4.2. Most important symptoms and effects, both acute and delayed No specific information is known about symptoms and effects caused by the product. 4.3. Indication of any need to immediately consult a doctor and special treatments In case of symptoms, whether acute or delayed, consult a doctor. Means to be available at the workplace for specific and immediate treatment Running water for skin and eye wash.																																									
SECTION 5. Firefighting measures 5.1. Extinguishing media SUITABLE EXTINGUISHING MEDIA The extinguishing media are the traditional ones: carbon dioxide, foam, powder and water fog. UNSUITABLE EXTINGUISHING MEDIA None in particular.																																									

	CLEMENTONI SPA S.C. ink Light Blue 2995C	Revision No. 1 Revision date 11/03/2025 New issue Printed on 11/03/2025 Page no. 3 / 11 EN
SECTION 5. Firefighting measures ... / >>		
5.2. Special hazards arising from the substance or mixture EXPOSURE HAZARDS IN CASE OF FIRE Avoid breathing in combustion products. 5.3. Advice for firefighters GENERAL INFORMATION Cool containers with water jets to prevent decomposition of the product and the development of substances potentially hazardous to health. Always wear full fire protection equipment. Collect extinguishing water which must not be discharged into the sewers. Dispose of contaminated extinguishing water and fire residue in accordance with current regulations. EQUIPMENT Normal fire-fighting clothing, such as an open-circuit self-contained breathing apparatus (EN 137), flame-proof suit (EN469), flame-proof gloves (EN 659) and firefighter's boots (HO A29 or A30).		
SECTION 6. Accidental release measures		
6.1. Personal precautions, protective equipment and emergency procedures In the case of vapours or airborne dusts, use respiratory protection. These instructions apply to both workers and emergency workers. 6.2. Environmental precautions Prevent the product from entering sewers, surface water and groundwater. 6.3. Methods and materials for containment and cleaning up Embank with soil or inert material. Collect most of the material and remove the residue with water jets. Disposal of contaminated material should be carried out in accordance with the provisions of Section 13. 6.4. Reference to other sections Any information regarding personal protection and disposal is reported in sections 8 and 13.		
SECTION 7. Handling and storage		
7.1. Precautions for safe handling Handle the product after consulting all other sections of this information sheet. Avoid dispersing the product in the environment. Do not eat, drink or smoke during use. Remove contaminated clothing and protective equipment before entering eating areas. 7.2. Conditions for safe storage, including any incompatibilities Keep product in clearly labelled containers. Keep containers away from any incompatible materials, check section 10. 7.3. Specific end use(s) Ink for use in play activities. When handling and storing the product, observe the precautions in sections 7.1 and 7.2 of this document.		
SECTION 8. Exposure controls/personal protection		
8.1. Control parameters Normative references: TLV-ACGIH ACGIH 2023		

SECTION 8. Exposure controls/personal protection ... / >>

Legend:
(C) = CEILING ; INALAB = Inhalable Fraction ; RESPIR = Breathable Fraction ; TORAC = Thoracic Fraction.
VND = identified hazard but no DNEL/PNEC available ; NEA = no expected exposure ; NPI = no identified hazard ; LOW = low hazard ; MED = medium hazard ; HIGH = high hazard.

8.2. Exposure controls

Observe the usual safety measures when handling chemicals.

HAND PROTECTION
Not required.

SKIN PROTECTION
Not required.

EYE PROTECTION
Not required.

RESPIRATORY PROTECTION
The use of respiratory protection equipment is necessary if the technical measures taken are not sufficient to limit the worker's exposure to the threshold values considered. It is advisable to wear a mask with a type A filter, the class (1, 2 or 3) of which should be chosen in relation to the limit concentration of use. (ref. standard EN 14387).
In the event that the substance in question is odourless or its odour threshold is higher than the relative TLV-TWA and in the event of an emergency, wear an open-circuit self-contained compressed air breathing apparatus (ref. standard EN 137) or a supplied-air respirator (ref. standard EN 138). For the correct choice of respiratory protective device, refer to EN 529.

ENVIRONMENTAL EXPOSURE CONTROLS
Emissions from production processes, including those from ventilation equipment should be controlled to comply with environmental protection legislation.

SECTION 9. Physical and chemical properties

9.1. Information on basic physical and chemical properties

Properties	Value	Information
Physical state	liquid	
Colour	light blue	
Odour	slightly watery	
Melting or freezing point	not determined	
Initial boiling point	not determined	
Flammability	not determined	
Lower explosive limit	not determined	
Upper explosive limit	not determined	
Flash point	> 93 °C	

	CLEMENTONI SPA		Revision No. 1 Revision date 11/03/2025 New issue Printed on 11/03/2025 Page no. 6 / 11	EN
	S.C. ink Light Blue 2995C			
SECTION 9. Physical and chemical properties ... / >>				
Auto-ignition temperature		not determined		
Decomposition temperature		not determined		
pH		4-9		
Kinematic viscosity		not determined		
Solubility		miscible in water and miscible in organic solvents		
Partition coefficient: n-octanol/water		not determined		
Vapour pressure		not determined		
Density and/or Relative density		not determined		
Relative vapour density		> 1		
Particle characteristics		not applicable		
9.2. Other information				
9.2.1. Information regarding physical hazard classes				
Information not available				
9.2.2. Additional safety features				
Total solids (250°C / 482°F)		1,00 %		
VOC (Directive 2010/75/EU)		10,00 %		
VOC (volatile carbon)		3,91 %		
Explosive properties		the product does not present an explosion hazard		
SECTION 10. Stability and reactivity				
10.1. Reactivity				
There are no particular dangers of reaction with other substances under normal conditions of use.				
10.2. Chemical stability				
The product is stable under normal conditions of use and storage.				
10.3. Possibility of dangerous reactions				
Under normal use and storage conditions, no hazardous reactions are to be expected.				
10.4. Conditions to avoid				
None in particular. However, observe the usual precautions with chemicals.				
10.5. Incompatible materials				
No incompatible materials are known.				
10.6. Hazardous decomposition products				
No hazardous decomposition products are known.				
SECTION 11. Toxicological information				
11.1. Information on the hazard classes defined in Regulation (CE) No. 1272/2008				
Metabolism, kinetics, mechanism of action and other information				
Non sono note ulteriori informazioni.				
Information on likely routes of exposure				
There are no notes other than those given in section 4.				
Immediate, delayed and chronic effects resulting from short- and long-term exposures				

SECTION 11. Toxicological information ... / >>

There are no notes other than those given in section 4.

Interactive effects

No information is known about interactive effects of the product.

ACUTE TOXICITY

ATE (Inhalation) of the mixture:	Not classified (no relevant component)
ATE (Oral) of the mixture:	Not classified (no relevant component)
ATE (Dermal) of the mixture:	Not classified (no relevant component)

GLYCEROL

LD50 (Dermal):	45 ml/kg guinea pigs
LD50 (Oral):	> 11500 mg/kg
LC50 (Vapour Inhalation):	> 5,85 mg/l/4h rat

FOOD BLUE 002

LD50 (Oral):	2000 mg/kg rat
--------------	----------------

SODIUM BENZOATE

LD50 (Dermal):	2000 mg/kg rabbit
LD50 (Oral):	2000 mg/kg Rat
LC50 (Inhalation mists/dusts):	12,2 mg/l/4h rat

SKIN CORROSION / SKIN IRRITATION

Does not meet the classification criteria for this hazard class

SEVERE EYE DAMAGE / EYE IRRITATION

Does not meet the classification criteria for this hazard class

RESPIRATORY OR SKIN SENSITIZATION

Does not meet the classification criteria for this hazard class

MUTAGENICITY ON GERMINAL CELLS

Does not meet the classification criteria for this hazard class

CARCINOGENICITY

Does not meet the classification criteria for this hazard class

REPRODUCTION TOXICITY

Does not meet the classification criteria for this hazard class

SPECIFIC TARGET ORGAN TOXICITY (STOT) – SINGLE EXPOSURE

Does not meet the classification criteria for this hazard class

SPECIFIC TARGET ORGAN TOXICITY (STOT) – REPEATED EXPOSURE

Does not meet the classification criteria for this hazard class

DANGER IN CASE OF SUCTION

Does not meet the classification criteria for this hazard class

11.2. Information on other hazards

According to the available data, the product does not contain any substances listed in the main European lists of potential or suspected endocrine disruptors with effects on human health under evaluation.

SECTION 12. Ecological information

Use according to good working practices, avoiding dispersion of the product in the environment. Notify the competent authorities if the product has reached waterways or contaminated soil or vegetation.

12.1. Toxicity

SODIUM BENZOATE	
LC50 - Fish	484 mg/l/96h
EC50 - Algae / Aquatic Plants	30,5 mg/l/72h
NOEC Chronic Crustaceans	5,81 mg/l

GLYCEROL	
LC50 - Fish	54 g/l/96h
EC50 - Crustaceans	10 mg/l/48h

FOOD BLUE 002	
LC50 - Fish	132 mg/l/96h
EC50 - Crustaceans	100 mg/l/48h
EC50 - Algae / Aquatic Plants	200 mg/l/72h

12.2. Persistence and degradability

SODIUM BENZOATE	
Solubility in water	> 10000 mg/l
Rapidly degradable	

GLYCEROL	
Solubility in water	1000 g/l @25°C
Rapidly degradable	

FOOD BLUE 002	
Solubility in water	50 g/l
Not Rapidly degradable	

12.3. Bioaccumulation potential

SODIUM BENZOATE	
Partition coefficient: n-octanol/water	1,88

GLYCEROL	
Partition coefficient: n-octanol/water	-1,75 Log Kow @25°C and pH 7,4

FOOD BLUE 002	
Partition coefficient: n-octanol/water	2,02 Log Kow

12.4. Mobility in soil

SODIUM BENZOATE	
Partition coefficient: soil/water	7,033 l/kg

12.5. Results of PBT and vPvB assessment

According to the available data, the product does not contain PBT or vPvB substances in a proportion ≥ 0.1 %.

12.6. Properties of interference with the endocrine system

According to the available data, the product does not contain any substances listed in the main European lists of potential or suspected endocrine disruptors with environmental effects under evaluation.

12.7. Other adverse effects

No information is known about other adverse effects of the chemical product.

SECTION 13. Disposal considerations**13.1. Waste treatment methods**

Reuse if possible. Product residues as such are to be considered special non-hazardous waste.
Disposal must be entrusted to an authorised waste management company, in compliance with national and, if applicable, local regulations.
The management of waste arising from the use or dispersal of this product must be organised in accordance with occupational safety regulations. See section 8 for the possible need for PPE.
CONTAMINATED PACKAGING
Contaminated packaging must be sent for recovery or disposal in accordance with national waste management regulations.

SECTION 14. Transport information

The product is not to be regarded as dangerous in the sense of the regulations in force for the transport of dangerous goods by road (A.D.R.), by rail (RID), by sea (IMDG Code) and by air (IATA).

14.1. UN Number or ID number

not applicable

14.2. UN proper shipping name

not applicable

14.3. Transport hazard class(es)

not applicable

14.4. Packaging group

not applicable

14.5. Environmental hazards

not applicable

14.6. Special precautions for user

not applicable

14.7. Bulk shipping in accordance with IMO acts

Information not relevant

SECTION 15. Regulatory information**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

Seveso Category – Directive 2012/18/EC: None

Restrictions on the product or contained substances according to Annex XVII Regulation (EC) 1907/2006

Substances contained

Point	75	Acid rose red B
Point	75	FOOD BLUE 002

Regulation (EU) 2019/1148 - on the marketing and use of explosives precursors
not applicable

Substances in Candidate List (Art. 59 REACH)

Based on available data, the product does not contain SVHC substances in percentage $\geq 0.1\%$.

Substances subject to authorization (Annex XIV REACH)

None

Substances subject to export notification obligation Reg. (EC) 649/2012:

None

	CLEMENTONI SPA S.C. ink Light Blue 2995C	Revision No. 1 Revision date 11/03/2025 New issue Printed on 11/03/2025 Page no. 10 / 11 EN
SECTION 15. Regulatory information ... / >>		
Substances subject to the Rotterdam Convention: None Substances subject to the Stockholm Convention: None Sanitary checks The product is not classified as hazardous under the provisions of Regulation (EC) 1272/2008 (CLP), but it is recommended that the subject be subjected to health checks in the event of the occurrence of adverse reactions due to exposure to the product. Legislative Decree 152/2006 and subsequent amendments Emissions according to Part V Annex I: WATER89,00 %		
15.2. Chemical safety assessment A chemical safety assessment has not been carried out for the mixture / for the substances listed in section 3.		
SECTION 16. Other information

Note to the user:

The information contained in this sheet is based on the knowledge available to us at the date of the latest version. The user must ensure the suitability and completeness of the information in relation to the specific use of the product.

This document should not be construed as a guarantee of any specific product properties.

Since the use of the product is not under our direct control, it is the user's responsibility to observe the applicable laws and regulations regarding hygiene and safety. We accept no liability for improper use.

Appropriate training must be provided for personnel handling chemicals.

CLASSIFICATION CALCULATION METHODS

Chemical Physical Hazards: The classification of the product was derived from the criteria set out in the CLP Regulation Annex I Part 2. The assessment methods for the chemical-physical properties are given in section 9.

Health hazards: The classification of the product is based on the calculation methods of CLP Annex I Part 3, unless otherwise stated in section 11.

Environmental hazards: The classification of the product is based on the calculation methods given in Annex I of CLP Part 4, unless otherwise stated in section 12.
